

# Guide to Mortgage Switching.

## Simple and Flexible Mortgages

We have revolutionised the mortgage journey to make it easier and faster for you to go from application to drawdown.

## Why switch?

There are many reasons to switch your mortgage, but for most customers, the lower monthly repayments can add up to considerable savings over the term of the mortgage.

## You could save on your repayments and over the life of the mortgage.

If your repayments are currently on a standard variable rate or an uncompetitive fixed rate, you may be able to make a saving on your mortgage repayment and also over the life of the mortgage.

## You could unlock equity.

If the balance of your mortgage is less than the value of your home, you may be able to use this equity to borrow an additional mortgage to pay for home improvements. You can borrow up to 80% of the value of your home.

## More flexibility.

If you switch to Avant Money, you can enjoy more flexibility. For customers on a fixed interest rate, you have the flexibility to make an overpayment of up to 10% of your balance each calendar year without incurring any early redemption fees. <sup>1</sup>

## Fairness means a maximum 2% early redemption fee.

If do want to pay off your fixed rate mortgage early, you can be sure that the maximum early redemption fee won't be any more than 2% of your remaining mortgage balance.

## Early redemption fee can be waived or refunded for home movers.

If you decide to move home, you may be eligible for a waiver or refund of your early redemption fee. This benefit is not usually available with fixed rate mortgages in Ireland. To qualify, you must be approved for a new mortgage with us for the same amount and term and within 12 months of redeeming your old mortgage.

  the legal requirements of purchasing a home also known as conveyancing. You'll need to appoint your own
  solicitor to look after the legal detail of your switcher mortgage. Your solicitor acts on your behalf to advise
  you on the loan offer letter and any terms and conditions.

#### 4. Get ready to close

Before you can draw down the mortgage itself, you will need to complete:

**Conveyancing:** The conveyancing process is an essential step that your solicitor will undertake on your behalf. It involves legally transferring ownership of the property, and your solicitor will work to ensure that all legal requirements are met. Work closely with your solicitor and review all necessary documents to ensure a successful closing.

Arrange life insurance: Provide us with a mortgage protection policy covering yourself (and any co-applicant).

**Secure home insurance:** As you approach the final stages of securing your mortgage, it is essential to obtain home insurance coverage to switch your mortgage. **You may be able to use your existing home insurance policy**.

**Set up direct debit:** As closing approaches, you will need to set up a direct debit. This allows for easy and convenient monthly mortgage repayments and peace of mind.

At this stage, all your hard work pays off. Once everything is in order, we will transfer the approved mortgage funds to your solicitor who will arrange repayment of your existing mortgage and switch your mortgage to us.

You now have your new mortgage with Avant Money. Whether you are now enjoying the certainty of our One Mortgage where your repayment is fixed for the life of the loan, or one of our fixed term rates, we are delighted that you switched to Avant Money.

**Solicitor:** Costs can vary but generally range from €1,000 to €2,000 so it is best shop around. You will need to pay professional fees, which are the solicitors' fees for their time and effort, and outlays which are fees the solicitor pays on your behalf. You will also be charged Value Added Tax on those costs.

This legal cost is payable by you and covers the cost of conveyancing and legal advice from your chosen solicitor.

Valuation report: The current cost is €185 including VAT for most properties. This is payable by the customer and covers the cost of an updated valuation report showing the current market value on the property you are remortgaging.

#### Home and life insurance:

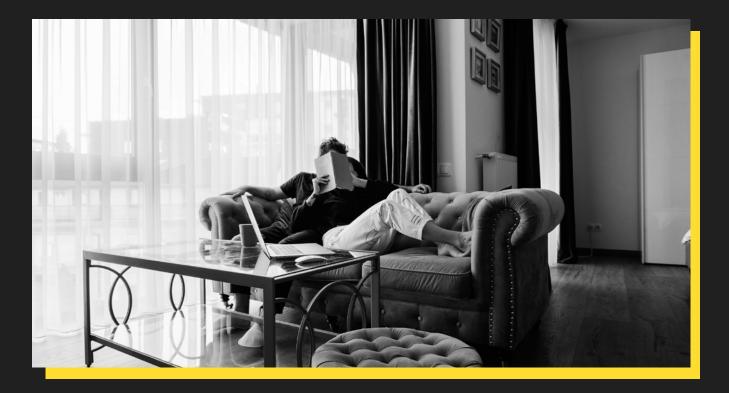

**Home insurance:** You will need to have a Home insurance policy for your own protection as well as ours. This requirement will be a included as a condition in your Loan Offer.

**Life insurance:** These policies are designed to pay off your mortgage if you or your co-borrower die unexpectedly. The correct life assurance policy will depend on the amount, term and type of borrowing. You can get this insurance from a life assurance company or broker.
